

A Message from the Director

Santa Clara University is an internationally-recognized institution, and we at Campus Safety Services take great pride in being a small part of the Bronco community. We take even greater pride in the role we play in providing safety and support services that encourage student learning and success, and foster safety and belonging for all members of the Bronco community.

Campus Safety Services is committed to helping to create a safe and inclusive environment for all, and to always perform our duties in a manner that supports the University's overarching mission, the holistic formation of our students. These policies and procedures serve to guide our actions and inform our role as the primary safety and support provider to the University and its constituents. All Campus Safety Staff Members are responsible for being familiar with the policies and procedures herein.

We consider these policies and procedures to be a living document, which we will review regularly and that may change over time. Any policy or procedure contained herein shall take precedence over previous policies, written directives, or memorandums. The Director of Campus Safety and/or his designee will be responsible for maintaining the most current iteration at all times, which will be available online for the entire community to view.

Signed,

Philip J. Beltran
Director of Campus Safety Services
