

Financial Management (FNCE 451)

This test is intended to determine the student's understanding of the responsibilities of a finance manager in a business organization. The focus of the exam will be on the following functional areas:

- Analysis of historical uses of funds
- Projection of funding needs
- Analysis of working capital
- Identification of costs of funds and the valuation of simple securities
- Evaluation of investment opportunities in the context of a capital budgeting system

References: Listed below are two useful books

1. *Analysis for Financial Management* by Robert Higgins
[Note: this is a very useful book for introductory finance]
2. *Principles of Corporate Finance* by Richard Brealey, Stewart Myers, and Franklin Allen
[Note: this book is very comprehensive; students will not need to study the entire book]

Format: Multiple choice
