# Professional Development Program

- Cohort model for support system
- Professional ethical learning community
- Researcher interacting with participants
- Expectations shared at beginning
- Educate about the research project

# Measuring the Impact of Professional Development

- Dimension 4 of the Dimensional Model

## *Dimension #4*

### **Independent Variables**

- Professional Development (PD) is paramount to insuring that all participants fully understand the basics of curriculum integration. More thorough understanding is obtained through ongoing instruction and coaching. Therefore, one should consider the level of PD taking place when assessing the impact of the experimental stimulus.

# Q and A

Please complete  
the Minute Paper  
What did you learn?  
What do you need to know more

Thank you and  
bon voyage!
