Tim Myers Presents: Chaos and Order in Education

Monday, May 19, 2008

Education Graduate Student Association

Room: Bannan 333

Phone: 408-554-4656

E-mail: EGSA@scu.edu

6:00 pm

Students are, after all, human beings--and human experience is based on both order and chaos. We're not always predictable! Tim will share some of his experience-based observations about how teachers can think about these great forces as they affect teaching, learning, student-teacher interaction, and the goals of education--with an eye to helping teachers find practical ways to improve and deepen their teaching and their relationships with students.
