TENS3	-0.03	0.07	0.10	0.64*	-0.13	0.14	0.05	0.46*	-0.19*	0.13	0.04		
CALM3	-0.01	-0.11	0.09	-0.18*	0.29*	0.09	-0.08	-0.15	0.24*	-0.49*	0.48*	-0.23	

*p<0.05

Variables are the four mood-dependent measures (energy, tiredness, tension, calm) and the Marlow Crowne Social Desirability measure assessed at Time 1 (immediately prior to participation in the experiment), at Time 2 (directly after participation in the experiment) and at Time 3 (before bedtime).
