

## Doelger Scholar, Clare Boothe Luce Scholar and Undergraduate Travel Award Recipients

Summer 2009

### Doelger Scholars

Name	Project						
Rahul Hirani	<i>Darfur: The Role of Climate Change in the Conflict</i>						
Hannah Palm	<i>Assessing the Effectiveness of the Catholic Church's Preventative Response to the HIV/AIDS Epidemic in Namibia</i>						
Christopher Rose	<i>Development and Characterization of Highly Discriminating Aptamers through Capillary Electrophoresis-Based Selection</i>						
Kareema Thomas	<i>Second phase of, "The Fabric of Race: Racial Violence and Lynching in America", by Renee Billingslea</i>						

### Clare Booth Luce Scholars

Kelly Ferron & Christina Hagerty	<i>The importance of federally endangered and endemic species, Dudleya setchellii, and its role in serpentine ecosystems characteristic of Northern California.</i>				
Lauren Tracy	<i>Synthesis of Bio-Compatible Mixed Poly Acrylamide Gel Nano-capsules for Optimized Drug Delivery in Cancer Treatment</i>				

### Undergraduate Travel Award

Laura Bica	<i>The Santa Clara University Robotic Systems Laboratory RETINA System Of Systems advanced multi-platform ocean observation sensing network</i>						
Kelly Ferron & Christina Hagerty	<i>The importance of federally endangered and endemic species, Dudleya setchellii, and its role in serpentine ecosystems characteristic of Northern California.</i>						
Christopher Rose	<i>Excitatory Actions of GABA on a Stomatogastric Muscle in the Crab Cancer borealis.</i>						
Anthony Young	<i>The Santa Clara University Robotic Systems Laboratory RETINA System Of Systems advanced multi-platform ocean observation sensing network.</i>						
Elena Zavala	<i>Preperation, Reinforcement and Isolation of Inversed Mini-Emulsions</i>
