- Law & Social Justice
- Leading People, Organizations & Social Change
- Paradigm Shifts
- Politics & Religion
- Public Policy
- Race, Place & Social Inequalities
- Sustainability
- Values in Science & Technology
- Vocation

Although most students will take *Foundations* courses in the first year, the order in which Core courses are completed is flexible. Exceptions:

- *Critical Thinking & Writing 1 and 2* and *Cultures & Ideas 1 and 2* are two-quarter, themed, sequenced courses.
- *Critical Thinking & Writing 1 and 2* are prerequisites for *Advanced Writing*.
- *Cultures & Ideas 1 and 2* are prerequisites for *Cultures and Ideas 3*.
- *Religion, Theology & Culture* courses must be taken in sequence.
- *Religion, Theology & Culture 3* courses only count for the Core requirement after students have completed 88 quarter units.
- *Science, Technology & Society* is normally taken after completing *Natural Science* and *Social Science* courses

Students are personally responsible for knowing all academic and administrative policies and regulations affecting their program of study.

FOUNDATIONS

Critical Thinking & Writing 1 & 2

Cultures & Ideas 1 & 2

Second Language

Mathematics

Religion, Theology & Culture 1

Students in some majors satisfy some requirements with specific courses linked with major requirements.

Transfer students matriculating with 44 or more units of transferable college credit, which does not include any AP or IB test credits, take any two Religion, Theology & Culture courses.

EXPLORATIONS

Ethics

Civic Engagement

Diversity

Arts

Natural Science

Social Science

Religion, Theology & Culture 2

Cultures & Ideas 3

Science, Technology & Society

Religion, Theology & Culture 3

INTEGRATIONS

Experiential Learning for Social Justice

Advanced Writing

Pathway

Pathway title: _____

Pathway course 1 _____

Pathway course 2 _____

Pathway course 3 _____

Pathway course 4* _____

Integrations are normally elements within other courses for the Core or major, not additional required courses.

**Engineering students take three Pathway courses (or at least 12 units); all other students take four Pathway courses (or at least 16 units).*
