Santa Clara University

Matching Funds from Non-University Sources

Development Office approval of this form does not mean a commitment has been made to raise matching funds for the proposed project. Instead, it is intended as an opportunity for the Principal Investigator to be advised of Development Office procedures and begin the process of obtaining a fund raising priority for the project.

No awards requiring matching funds from non-University sources will be accepted by the University until a completed Fund Raising Approval Form has been submitted and a priority ranking established.

Matching funds must be raised and available for expenditure within the performance period cited below.
