Starting a Life Science Company in the Bay Area

At a time when public stock markets are slow, more money than ever is pouring into innovative life science companies from the venture capital community. These companies provide the technology drivers for innovative solutions to health care issues that face human kind. This presentation will outline the state of the union in terms of life science funding, and provide a short "boot camp" on how one starts a life science company.

Admission is free, registration is recommended.
Seating is limited.
RSVP to elucas@scu.edu or 408-551-6090

If you have a disability and require a reasonable accommodation, please call the Center for Science, Technology, and Society at 408-551-6090 or 800-735-2929 (TTY-California Relay) at least 48 hours prior to the event.
