

## MENTOR PROGRAM

The Mentor Program connects current Santa Clara University students with incoming International Exchange Students. Our goal is to create a smooth transition for exchange students into life at Santa Clara University. Mentors give new students practical advice as well as provide connections to social events and outings, including those offered by the International Club.

Mentors are Santa Clara University students who have been working with the International Programs Office as peer advisors and will be available the week before classes begin. They will be available to pick you up from the airport and help you settle into your new home.

In order for us to assign you a mentor we will need to know the following information:
