Cups, take-out containers, Styrofoam, soiled aluminum foil

## Plastic Bags

Grocery, zip-top, produce bags

Please empty into the nearest common waste container, as needed

## There Is No AWAY...

When we throw our “garbage” away, we send it to a landfill. Please help SCU use resources efficiently and divert waste from landfills:

- **Reduce** the stuff you consume.
- **Reuse** as much as you can.
- **Recycle** and **Compost** where possible.
- **Respect** others in our community, our watershed, and natural resources by learning more.
