

San Jose City College Transfer Guide

SCHOOL OF ENGINEERING

Thank you for your interest in Santa Clara University! This guide has been designed to help make the course-planning process easier for students who wish to transfer into the School of Engineering at SCU.

Prospective transfer students please note the following prior to using this document:

- This guide represents the core (general education) curriculum Santa Clara University had in place for incoming freshmen students through Fall 2008. As of Fall 2009, SCU introduced a new core curriculum and consequently has designed new guides to assist transfer students with planning. ***Students planning to transfer into SCU for Fall 2010*** as a sophomore or a junior may still utilize the guide found on the following pages. ***Students planning to transfer in Fall 2011 and later*** need to refer to the guide designed for SCU's new core curriculum and should not use the document below for planning purposes.
- Oftentimes schools will cross-list a single course separately under different departments. This guide will individually list cross-listed courses for each department they are found in. It is a student's responsibility to notice whether or not a course is cross-listed as credit will only be issued one time from SCU.
- If a student takes an honors version of a course that is listed on this guide, SCU will accept that class as transferable.
- Math courses eligible for transfer to SCU to fulfill math requirements are listed on this guide. A Pre-Calculus course is eligible to receive general elective credit but will not satisfy SCU's core math requirement.

San Jose City College Transfer Guide

SCHOOL OF ENGINEERING

Bachelor of Science in Engineering

Majors: Bioengineering, Civil Engineering, Computer Science & Engineering, Electrical Engineering, General Engineering, Mechanical Engineering, and Web Design & Engineering.

Admission requirements:

- 1) **English:** Two courses -- *English 1A* and *English 1B* **OR** *English 1C*.
- 2) **Mathematics:** Two courses -- *Math 71* and *72*.
- 3) **Physical Science:** *Chemistry 1A*; *Physics 4A* and *4B*.

Recommended courses:

The following courses allow students to complete more of SCU's Core Curriculum (General Education)/School of Engineering requirements:

- 1) **Mathematics:** *Math 73*. *Math 78* is also needed for all majors except Bioengineering and Web Design & Engineering. *Math 70* is needed by Computer Science and Engineering majors only. *Math 79* is needed by Computer Science and Engineering and Electrical Engineering majors only.
- 2) **Computer Science:** For students with no background in programming, *CIS 042* is recommended. Computer Science & Engineering, Electrical Engineering, Web Design & Engineering majors need *CIS 54* and *CIS 55*. Bioengineering and Mechanical Engineering majors need *CIS 54* only.
- 3) **Physical Science:** *Physics 4D* is needed for Electrical Engineering majors need *only*. Bioengineering majors need *Biology 2* and *3* and *Chemistry 1B, 12A, 12B*.
- 4) **Western Culture:** Two courses from *one* of the following sequences: *Art 91, 92*; *History 10A, 10B*.
- 5) **Social Science:** One course from the following: *Anthropology 63*; *Economics 10A, 10B*; *Political Science 1, 2, 4*; *Psychology 10, 12, 96*; *Sociology 10, 11*.

San Jose City College Transfer Guide SCHOOL OF ENGINEERING

Bachelor of Science in Engineering (continued)

Recommended courses to complete more of SCU's Core Curriculum / School of Engineering requirements:

- 6) **United States:** One course from the following: *Administration of Justice* 10; *Education* 10; *English* 63, 80, 84A, 84B; *Ethnic Studies* 26, 27; *History* 1, 9, 17A, 17B, 21, 24; *Political Science* 1; *Social Science* 20, 31, 40; *Sociology* 11.

- 9) Consult the SCU Bulletin for additional freshmen and sophomore level requirements in your major. The Bulletin can be found in the web site (www.scu.edu) under Current Students.

The above information is to be used as a guide for the purpose of admissions into Santa Clara University. This information is reviewed periodically and the date of the most recent update is noted in the bottom left hand corner of this guide. Students are responsible to make sure that any courses taken are listed on this guide at the time of actual enrollment. Transferability is not guaranteed and is up to our discretion, largely based upon the Santa Clara University core curriculum in effect at the time of admission.
