

Less is More - *Convient!*

Every year, first year move in creates a lot of unnecessary waste when new students bring way too much stuff. Help the environment by helping yourself and pack only what you need! Here's some tips to help you out:

Everyone:

Clothes

If you didn't wear it at home, you won't magically start wearing it now.

Only pack for the season - you'll go home over winter break & can switch clothes out then.

Decorations

The rooms are much smaller than you think, and you may not have room for all of your decorations. Remember: You can always put up more later!

Pack Green

Cardboard boxes are much sturdier than plastic bags, keep them in your room and use them again for move out.

If you DO forget to pack something important, don't worry - We're right down the street from Target!

Suite-Style Res Halls

(Casa Italiana, Graham, Sobrato, Finn)

Communicate with your suitemates before shopping to avoid doubles, such as microwaves & mini-fridges.

Hall-Style Res Halls

(Campisi, Sanfilippo, Swig, Dunne, McLaughlin-Walsh)

Bathrooms are cleaned daily by staff - there's no need to bring bathroom cleaning supplies
