HOW TO USE THIS GUIDE

We are happy you are here. It may be your first few weeks on SCU's staff, faculty or administration or you might have multiple decades of campus service. This guide is a tool which accompanies persons of all faith traditions and human ideals in encountering, exploring and engaging our Jesuit, Catholic mission.

Please find a brief introduction to the foundations of our Ignatian tradition: mission, characteristics of Jesuit higher education, and key Jesuit values. Each distinguishes SCU in higher education. Our Jesuit foundations are followed by an overview of Ignatian Formation for Mission - a career-long pathway of growth that will take you from knowing about mission to claiming your role in cultivating the mission of the University.

The final pages offer Ignatian Center programs and resources available to you to encounter, engage and explore mission. We also share programs offered by our SCU partners. We hope you fully participate in the programs along with self-directed activities and formational experiences outside of SCU.

THIS IS MISSION

VISION

Santa Clara University will educate citizens and leaders of competence, conscience, and compassion and cultivate knowledge and faith to build a more humane, just, and sustainable world.

MISSION

The University pursues its vision by creating an academic community that educates the whole person within the Jesuit, Catholic tradition, making student learning our central focus, continuously improving our curriculum and co-curriculum, strengthening our scholarship and creative work, and serving the communities of which we are a part in Silicon Valley and around the world.

“*The real measure of our Jesuit universities lies in who our students become. Tomorrow’s ‘whole person’ cannot be whole without a well-educated solidarity. We must therefore raise our Jesuit educational standard to educate the whole person in solidarity for the real world.*”

Peter-Hans Kolvenbach
Superior General of the Society of Jesus,
speaking at SCU, October 2000

CHARACTERISTICS OF JESUIT HIGHER EDUCATION

- Association for Jesuit Colleges & Universities (AJCU, 2021)

We bring mission alive by joining 28 Jesuit colleges and universities in building a distinctive Jesuit, Catholic character in higher education:

Characteristic 1: Leadership and Public Commitment to Mission

The University's leadership effectively communicates and enlivens the Jesuit, Catholic mission of the institution.

Characteristic 2: The Academic Life

The University's academic life represents the Jesuit and Catholic commitment to a liberal arts and Christian humanistic education for all students. Academic programs, distinctively informed by the University's Jesuit and Catholic character, contribute to the diversity of higher education through an education shaped by the service of faith and the promotion of justice.

Characteristic 3: The Pursuit of Faith, Justice and Reconciliation

The Jesuit University actively responds to the most morally urgent issues of our times in ways that reflect the Jesuit, Catholic tradition; anchor healing in truth; and recognize the fulfillment of justice as the forging of right relationships. This includes: (a) a commitment to social justice and reconciliation; (b) a commitment to anti-racism within the University and wider culture; (c) a commitment to care for our common home, the Earth; and (d) a commitment to serving the global community.

Characteristic 4: Promoting an Ignatian Campus Culture

The University works to foster within its students, administrators, staff, faculty, alumni/ae, and Board of Trustees a virtuous life and learning characterized by personal responsibility, compassion, forgiveness, respect, a habit of reflection, and integration of body, mind, and soul.

Characteristic 5: Service to the Church

Through educational and formational programs, the University offers resources to build up the local Church, so that people of faith can wrestle with difficult questions facing the Church and the world.

Characteristic 6: Relationship to the Society of Jesus

The University lives out its commitment to its Jesuit identity through collaboration and vibrant partnerships with the Society of Jesus, including individual Jesuits at the University, the campus Jesuit Community, and the Province, as well as national and international Jesuit networks and organizations.

Characteristic 7: Institutional Integrity

The University demonstrates a commitment to Jesuit values through its administrative policies, practices, and community relationships.

KEY JESUIT VALUES IN HIGHER EDUCATION

We bring mission alive in a community animated by key Jesuit values:

Discernment & Reflection

We aspire to be a community shaped by the Spiritual Exercises of St. Ignatius in which we discern, reflect and consult. We pay attention to the movements of hearts and souls as we seek to proactively engage in a transformative education.

Solidarity & Kinship

We aspire to be a community of mutuality, compassion and belonging as we walk alongside one another and the communities we serve in striving for a more just, humane and sustainable world for all.

Cura Personalis

We aspire to be a community concerned with the formation of the whole person- mind, body and spirit. We do so to become "people with and for others." We recognize the dignity and worth of each person as we work for a campus and world in which all flourish.

Finding God in All Things

We aspire to be a community rooted in the Jesuit, Catholic tradition of using reason to find meaning in all of creation. Ignatian Spirituality insists that there is no place in which God cannot be found. This allows us to draw on a view of the world that is both transcendent and grounded in reality.

A Faith that Does Justice

We are a community that aspires to orient our lives to justice and the common good. We are called to look beyond ourselves and act on our responsibility to respond to injustice.

WHAT IS IGNATIAN FORMATION FOR MISSION?

Through Ignatian Formation for Mission programs and resources, we invite staff, faculty and administrators into three levels of deepening experience to **encounter**, **explore**, and **engage** SCU's Jesuit, Catholic mission. As part of career-long involvement, programs aspire to accompany growth in:

- Communicating mission, including details about Jesuit values and foundations
- Participating in and incorporating Ignatian spiritual practices into work and life
- Understanding the relationship between Jesuit, Catholic mission & educational purpose
- Articulating why and how a Santa Clara, Jesuit, Catholic education and university are distinctive for our graduates and the campus community
- Integrating mission more fully into professional responsibilities
