**\*\*\* NOTE: If you have an earlier version of SPSS installed, installing SPSS 31 will upgrade your earlier version to 31.**

**After installing IBM SPSS Statistics, you must activate its license.**

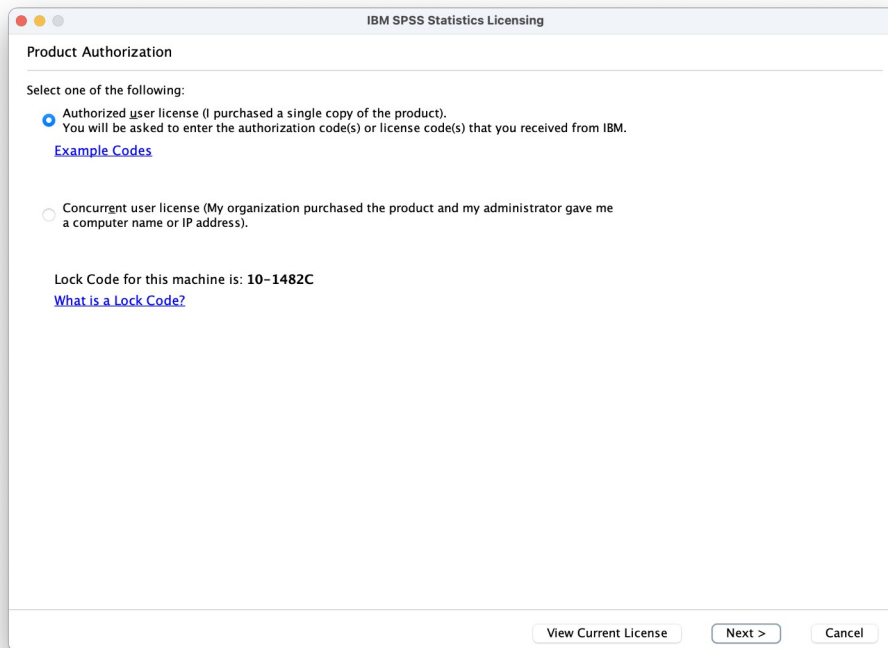

1. In the '**Applications**' folder, find the '**IBM SPSS Statistics**' folder, click on the '**v**' arrow to expand the folder listing, then double click on '**IBM SPSS Statistics**' program.

2. Click on '**Launch License Wizard**'

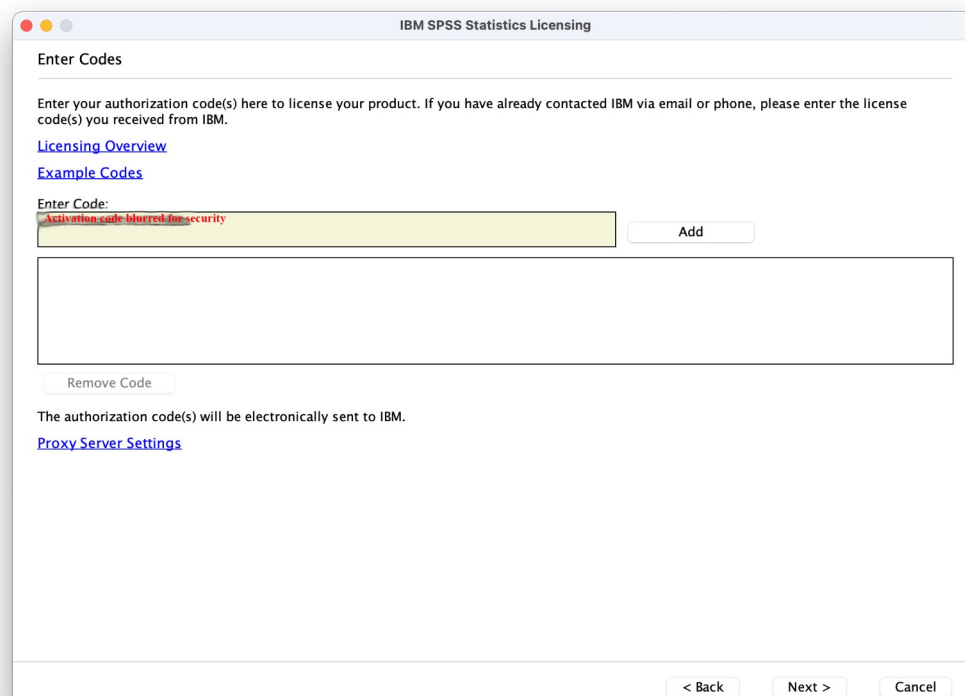

3. Select the **'Authorized user license ...'** radio button, then click on **'Next >'**

The dialog box is titled "IBM SPSS Statistics Licensing" and "Product Authorization". It contains two radio buttons under the heading "Select one of the following:". The first radio button is selected and is labeled "Authorized user license (I purchased a single copy of the product). You will be asked to enter the authorization code(s) or license code(s) that you received from IBM." Below this is a link "Example Codes". The second radio button is labeled "Concurrent user license (My organization purchased the product and my administrator gave me a computer name or IP address)". Below the radio buttons, it says "Lock Code for this machine is: 10-1482C" with a link "What is a Lock Code?". At the bottom are three buttons: "View Current License", "Next >", and "Cancel".

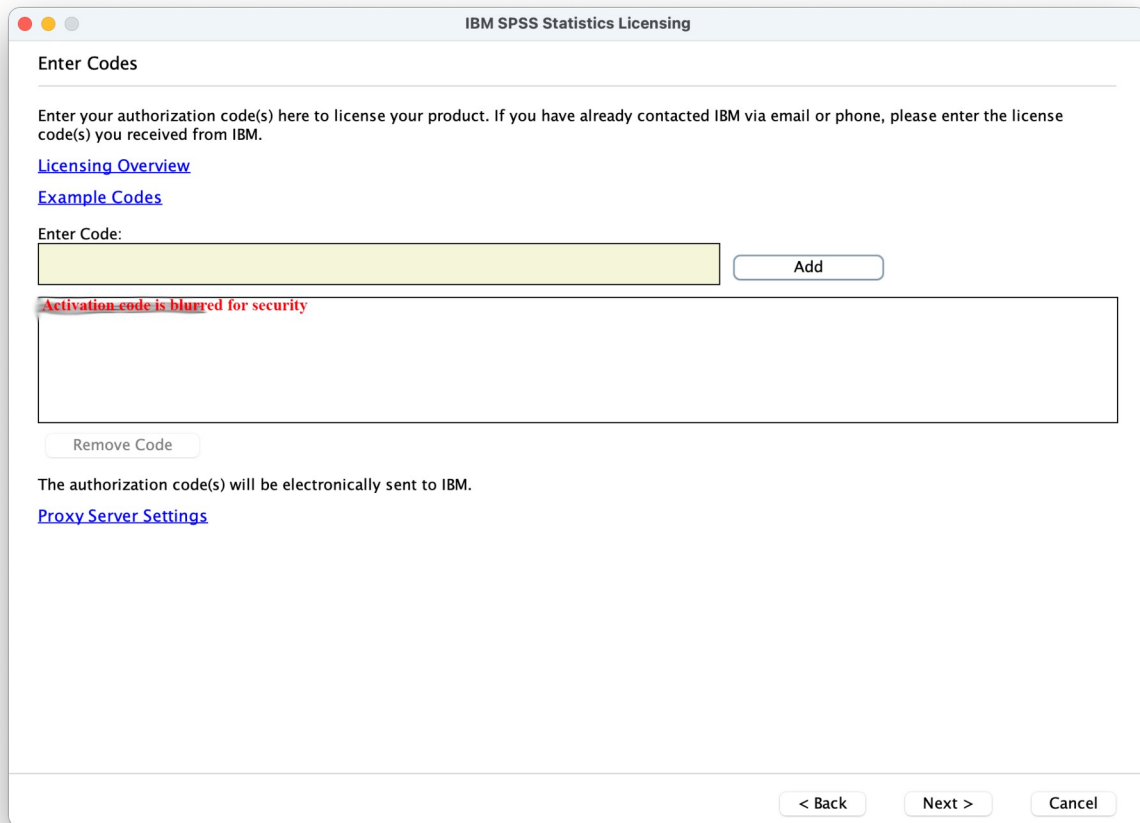

4. Enter the authorization code into the box, then click **'Add'**. The authorization code can be found in the **'SPSS\_31\_License.txt'** file located in the same folder ('macOS\_IBM\_SPSS\_Statistics\_v31.0') containing the installation package.

The dialog box is titled "IBM SPSS Statistics Licensing" and "Enter Codes". It contains a text area for entering authorization codes. Above the text area is a link "Licensing Overview" and another link "Example Codes". Below the text area is a link "Proxy Server Settings". At the bottom are three buttons: "< Back", "Next >", and "Cancel".

5. Click on 'Next >'
