6:30 p.m. DSPT Classroom 1

To save her home from extreme weather, Anita Chitaya faces her greatest challenge: persuading Americans that climate change is real.

Traveling from Malawi to California to the White House, she meets climate skeptics and despairing farmers. Her journey takes her across all the divisions shaping the US. It will take all her skill and experience to persuade us that we're all in this together. This documentary, ten years in the making, weaves together the most urgent themes of our times.
