Technology Requirements for Online Coursework

Technical Requirements
The JST uses Moodle for our online classes. Moodle is a web-based learning management tool that allows professors to post readings, assignments, videos, and engage the class in dialogue. In order to use Moodle, you will need a login (provided by the school upon registration) and the following tools to ensure your success:

1. A working email address that you monitor frequently. We recommend that you use your student email address (____@scu.edu) for this purpose.
2. A working, reliable internet connection and a reliable electric power supply.
3. A computer, laptop, or tablet with an updated operating system (Windows, Mac, Linux) and an updated internet browser (Chrome, Firefox).
4. A webcam.
5. A microphone.

Recommended Browsers
Google Chrome and Mozilla Firefox are recommended for use with Moodle with a computer. Safari is not recommended. On smartphones and tablets, use a web browser to access Moodle (do not use the Moodle app).

Recommended Settings
• Make sure that the browser is set to accept cookies (from both 1st party and 3rd party).
• Javascript must be enabled.

Recommended Software
The latest versions of these Adobe products are required for most classes:
Adobe Reader
Adobe Flash Player

The latest versions of these other media players are also suggested:
Windows Media Player (for PC’s)
Apple Quicktime (for Macs)
