Getting to know them...

Alicia is a very nice young woman. She enjoys **going to church** and recently participated in a conference with other young women from her church. She had a great time bonding with others and **deepening her sense of spirituality**.

Alicia graduated from high school and is currently **working full time as a security officer**. Alicia is a hard worker and her employer really enjoys having her on the team. She is **planning to go to college** in the Spring to further her education.

Alicia has **struggled** over the years with mental health. She attends therapy and has been working out as a form of self-care. Her job also brings her great self-esteem. She has come a long way over the past two years.

Alicia lives with her **mom, 2 sisters and 2 nephews** in a duplex they rent. Her mom recently lost her job and Alicia and her sister have had to increase their contribution toward rent. Her mom is looking for a job and making good progress.

This family would appreciate anything that the community can offer to support.
