The Tuition Refund Plan...

was originated by A.W.G. Dewar in 1930 to protect the financial investments of students and parents in education. Today, more than 1,200 leading independent schools and colleges throughout North America offer the Plan. Because the cost of education today is a substantial investment, in fact, one which is likely to be your second largest next to a home purchase, the protection afforded by the Tuition Refund Plan is essential.

While most colleges provide partial refunds for student withdrawals, they are limited and usually effective when a student withdraws early in the term. The Tuition Refund Plan dramatically enhances the college refund schedule and provides more generous refunds throughout the entire term. Subject to the program terms and conditions, the Tuition Refund Plan offers a refund of term tuition when you are forced to withdraw for medical reasons.

Don't let an unforeseen illness or accident prevent you from completing your education.

Every year thousands of college students are forced to withdraw from classes due to sickness or injury. The accompanying loss of tuition payments can undermine a family's educational budget.

For more than 80 years, the Dewar Tuition Refund Plan has assisted students to continue their education by providing refund benefits when illnesses or injuries prevented them from completing a term.
