THE ACADEMIC TRADITION

Banners: There are seven banners, each representing a different area of study and modeled after the guild signs used in medieval Europe. Every medieval guild adopted a simple picture as its sign, usually the guild's product or the tool of its trade, to identify itself. Following in that tradition, each area of study is represented by a banner bearing an appropriate symbol: an open book symbolizes intellectual pursuits in the arts, humanities, and history; a flask represents study in the sciences; a gear wheel is the symbol of engineering; an abacus indicates the financial orientation of business; the scales of justice stand for law; interlinked hands symbolize education and counseling psychology; and the IHS seal of the cross represents the Society of Jesus.

The background colors of the banners are in accordance with traditional academic heraldry: white for arts and humanities, yellow for sciences, orange for engineering, drab (brown) for business, purple for law, light blue for education, and scarlet for theology.

Also on display are 28 banners, representing the Jesuit colleges and universities across the United States. The tall dori poles proudly wave the University's colors of red and white.

Seal: At the center of the stage is the University seal, matching the presidential medallion worn by the President and consisting of two circles. The outer circle displays the words "Santa Clara University" and the year "1851," when this institution was founded. The inner circle holds a sky of 13 stars, symbolic of the original American colonies, above the American eagle, which is perched upon a shield containing the Jesuit seal of the cross (IHS) and three broad-headed nails.

Attire: The colorful attire worn by the graduates, faculty, and officers of the University on the occasion of these commencement exercises has roots in medieval times. Dressed in cap and gown, the graduates and their professors form part of a long tradition that dates back to Europe's first universities: to Paris and Bologna, to Oxford and Salamanca.

The origins of the several parts of the academic garb are not readily known. Since medieval students enjoyed the status of clerics during their university years, it is most probable that their attire was fashioned after the clerical dress of the time. The gown seems to be an adaptation of the robe of the friar or priest, and the hood resembles the monk's or friar's cowl. The present-day mortarboard cap may have curiously evolved from the skullcap that protected the tonsured heads of students against the drafts of medieval classrooms.

Academic attire began to appear on U.S. campuses in the late 1890s. Since that time, its use has become customary for solemn university functions.

The Gown: Each degree has its own style. The bachelor's gown is a yoked, closed-front garment, with long, pointed sleeves. The master's gown is cut to be worn with open or closed front; its sleeves are long and are either open or closed, but slit just above the elbow to allow the forearm to protrude. The gown of the doctor is also worn open or closed and has full, bell-shaped sleeves. Only the doctor's gown is trimmed with velvet panels down the front and three velvet bars on each sleeve. While black velvet is the trimming for all doctors' gowns, other colors of velvet trimming identify the major area of study.

The Hood: At first, the hood seems to have been worn over the head and was attached to the gown. When the skullcap was introduced, the hood was retained but detached and worn much as it is today.

THE ACADEMIC TRADITION

Each degree (bachelor, master, doctor) has the right to a hood. It varies in length and, for the doctor's degree, also in pattern. The bachelor's hood is 3 feet long, the master's hood is 3.5 feet long, and the doctor's hood is 4 feet long with wide panels on either side.

The color or colors with which the hood is lined are those of the college or university granting the degree. For example, Santa Clara University has a parti-per hood with cardinal above white. The colored velvet binding or edging of the hood, in different widths for bachelor, master, or doctor, indicates the area of study within the university granting the degree: dark blue for philosophy (Ph.D.); light blue for education (Ed.D.); white for arts and letters (Litt.D.); golden yellow for sciences (Sc.D.); orange for engineering (Eng.D., DCE); purple for law (LL.D., DCL, J.D., JUD, JCD); drab (brown) for business (DBA, Ph.D.); scarlet for theology (S.T.D., D.D.).

The Cap: The mortarboard cap is the generally accepted style in the colleges and universities of the United States. Many European and Latin American institutions retain distinctive forms of academic headdress, such as the University of London's tam-o'-shanter cap and the University of Mexico's octangular biretta.

The Honor Cord: The gold honor cord is given to those undergraduate students who have an overall grade-point average of 3.50 or higher for cum laude, 3.70 or higher for magna cum laude, and 3.90 or higher for summa cum laude.

ALMA MATER

by Joseph Riordan, S.J.

Santa Clara, Alma Mater, lo! Our hearts are pledged to thee.
El Dorado's first-born daughter, who beside the western sea
where the palm and olive mingle, bade the torch of science burn,
when our footsteps bear us from thee, back to thee our hearts will turn.
This the mission bells are telling as exultingly they ring
"Santa Clara, Santa Clara, Alma Mater," sweet they sing,
where the palm and olive mingle, proudly raise their heads on high
in the earliest fane of science, built beneath our western sky.

SANTA CLARA UNIVERSITY,

a comprehensive Jesuit, Catholic university located in the heart of Silicon Valley, offers its more than 9,000 students rigorous undergraduate curricula in arts and sciences, business, and engineering; master's degrees in business, education, counseling psychology, pastoral ministries, and theology; and law degrees and engineering Ph.D.s. Distinguished nationally by one of the highest graduation rates among all U.S. master's universities, California's oldest operating higher-education institution demonstrates faith-inspired values of ethics and social justice.
