SANTA CLARA UNIVERSITY

EDUCATING CITIZENS AND LEADERS

WHO WILL BUILD A MORE HUMANE,

JUST AND SUSTAINABLE WORLD

THE ACADEMIC TRADITION

Banners: There are seven banners, each representing a different area of study and modeled after the guild signs used in medieval Europe. Every medieval guild adopted a simple picture as its sign, usually the guild's product or the tool of its trade, to identify itself. Following in that tradition, each area of study is represented by a banner bearing an appropriate symbol: an open book symbolizes intellectual pursuits in the arts, humanities, and history; a flask represents study in the sciences; a gear wheel is the symbol of engineering; an abacus indicates the financial orientation of business; the scales of justice stand for law; interlinked hands symbolize education and counseling psychology; and the IHS seal of the cross represents the Society of Jesus.

The background colors of the banners are in accordance with traditional academic heraldry: white for arts and humanities, yellow for sciences, orange for engineering, drab (brown) for business, purple for law, light blue for education, and scarlet for theology.

Also on display are 28 banners, representing the Jesuit colleges and universities across the United States. The tall dori poles proudly

wave the University's colors of red and white.

Seal: At the center of the stage is the University seal, matching the presidential medallion worn by the President and consisting of two circles. The outer circle displays the words "Santa Clara University" and the year "1851," when this institution was founded. The inner circle holds a sky of 13 stars, symbolic of the original American colonies, above the American eagle, which is perched upon a shield containing the Jesuit seal of the cross (IHS) and three broad-headed nails.

Attire: The colorful attire worn by the graduates, faculty, and officers of the University on the occasion of these commencement exercises has roots in medieval times. Dressed in cap and gown, the graduates and their professors form part of a long tradition that dates back to Europe's first universities: to Paris and Bologna, to Oxford and Salamanca.

The origins of the several parts of the academic garb are not readily known. Since medieval students enjoyed the status of clerics during their university years, it is most probable that their attire was fashioned after the clerical dress of the time. The gown seems to be an adaptation of the robe of the friar or

priest, and the hood resembles the monk's or friar's cowl. The present-day mortarboard cap may have curiously evolved from the skullcap that protected the tonsured heads of students against the drafts of medieval classrooms.

Academic attire began to appear on U.S. campuses in the late 1890s. Since that time, its use has become customary for solemn university functions.

The Gown: Each degree has its own style. The bachelor's gown is a yoked, closed-front garment, with long, pointed sleeves. The master's gown is cut to be worn with open or closed front; its sleeves are long and are either open or closed, but slit just above the elbow to allow the forearm to protrude. The gown of the doctor is also worn open or closed and has full, bell-shaped sleeves. Only the doctor's gown is trimmed with velvet panels down the front and three velvet bars on each sleeve. While black velvet is the trimming for all doctors' gowns, other colors of velvet trimming identify the major area of study.

The Hood: At first, the hood seems to have been worn over the head and was attached to the gown. When the skullcap was introduced, the hood was retained but detached and worn much as it is today.

THE ACADEMIC TRADITION

Each degree (bachelor, master, doctor) has the right to a hood. It varies in length and, for the doctor's degree, also in pattern. The bachelor's hood is 3 feet long, the master's hood is 3.5 feet long, and the doctor's hood is 4 feet long with wide panels on either side.

The color or colors with which the hood is lined are those of the college or university granting the degree. For example, Santa Clara University has a parti-per hood with cardinal above white. The colored velvet binding or edging

of the hood, in different widths for bachelor, master, or doctor, indicates the area of study within the university granting the degree: dark blue for philosophy (Ph.D.); light blue for education (Ed.D.); white for arts and letters (Litt.D.); golden yellow for sciences (Sc.D.); orange for engineering (Eng.D., DCE); purple for law (LL.D., DCL, J.D., JUD, JCD); drab (brown) for business (DBA, Ph.D.); scarlet for theology (S.T.D., D.D.).

The Cap: The mortarboard cap is the generally accepted style in the

colleges and universities of the United States. Many European and Latin American institutions retain distinctive forms of academic headdress, such as the University of London's tam-o'-shanter cap and the University of Mexico's octangular biretta.

The Honor Cord: The gold honor cord is given to those undergraduate students who have an overall grade-point average of 3.50 or higher for cum laude, 3.70 or higher for magna cum laude, and 3.90 or higher for summa cum laude.

ORDER OF ACADEMIC PROCESSION

Marshal of the University
Bearer of the Mace

Candidates for a Bachelor of Arts Degree in the College of Arts and Sciences
Candidates for a Bachelor of Science in Commerce Degree in the Leavey School of Business
Candidates for a Bachelor of Science Degree in the School of Engineering

CLASS OF 2025

SANTA CLARA UNIVERSITY COMMENCEMENT SPEAKER

Jayshree V. Ullal M.S. '86
CEO and Chairperson of Arista Networks

Jayshree V. Ullal M.S. '86 is the CEO and Chairperson of Arista Networks, leading the company through its successful IPO in 2014. Not only has Ullal distinguished herself through Arista's impressive sales and earnings, but she is also widely recognized across the technology industry for her strategic vision and leadership.

Ullal began her career as a senior strategic development engineer at Fairchild Semiconductor and later Advanced Micro Devices (AMD), where she designed high-speed memory chips for IBM and Hitachi. By 1992, Ullal joined Crescendo Communications in a leadership role, serving as vice president of marketing when the company was acquired by Cisco. There, Ullal initiated strategic initiatives such as unified communications, IP telephony, content networking, and policy networking. She oversaw 20 mergers and acquisitions for Cisco in the enterprise sector. By 2005, she became senior vice president of the Data Center, Switching and Security Technology group, responsible for a \$10B business.

In 2008, Ullal was appointed CEO of Arista Networks, a company specializing in cloud networking solutions. Under her leadership, Arista has grown into a multibillion-dollar enterprise, redefining data center networking with its cutting-edge technology.

Throughout her career, Ullal has earned accolades, including E&Y's "Entrepreneur of the Year," Barron's "World's Best CEOs," and Fortune's "Top 20 BusinessPersons." She was named "Global Indian of the Year" by The Economic Times and recognized twice as a "Silicon Valley Power 100" by the Silicon Valley Business Journal.

Beyond her professional accomplishments, Ullal champions diversity in tech and actively supports women in leadership roles. She serves on multiple advisory boards and is dedicated to mentoring the next generation of engineers and entrepreneurs. She has also been recognized for her philanthropic efforts, including establishing a foundation with her husband to support cancer research, social services, and hunger relief in India.

In 2013, Ullal received the Santa Clara University School of Engineering Distinguished Engineering Alumni Award. The highest honor bestowed by the School of Engineering, it recognizes graduates whose University service and accomplishments in their professions and communities have set them apart. She continues to inspire through her commitment to innovation, leadership, and social impact. Ullal and her husband, Vijay, have two daughters.

ALMA MATER

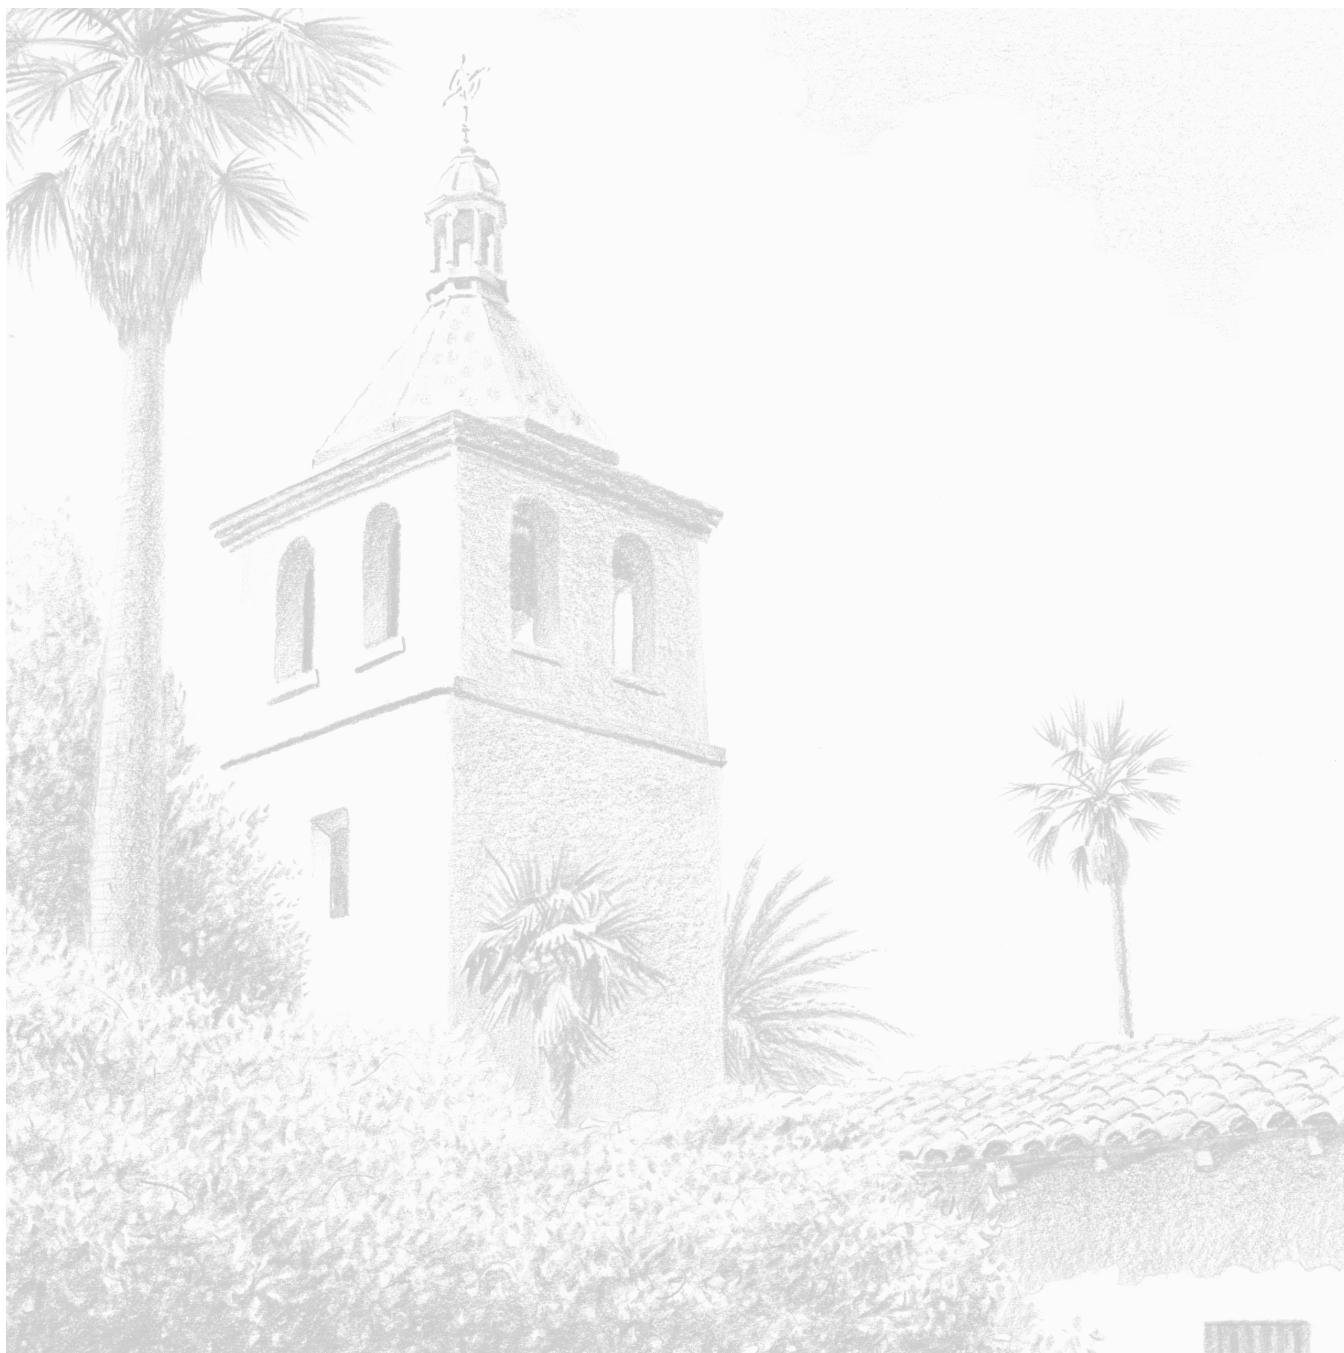

by Joseph Riordan, S.J.

Santa Clara, Alma Mater, lo! Our hearts are pledged to thee.

El Dorado's first-born daughter, who beside the western sea
where the palm and olive mingle, bade the torch of science burn,
when our footsteps bear us from thee, back to thee our hearts will turn.

This the mission bells are telling as exultingly they ring

"Santa Clara, Santa Clara, Alma Mater," sweet they sing,
where the palm and olive mingle, proudly raise their heads on high
in the earliest fane of science, built beneath our western sky.

SANTA CLARA UNIVERSITY,

a comprehensive Jesuit, Catholic university located in the heart of Silicon Valley, offers its more than 9,000 students rigorous undergraduate curricula in arts and sciences, business, and engineering; master's degrees in business, education, counseling psychology, pastoral ministries, and theology; and law degrees and engineering Ph.D.s. Distinguished nationally by one of the highest graduation rates among all U.S. master's universities, California's oldest operating higher-education institution demonstrates faith-inspired values of ethics and social justice.
