

Campus Recreation Policy Guidelines for Outside Groups with Minors Using Spaces

An adult supervisor needs to be on-site at all times with any groups using the facilities. This position will ensure the rental group is following all policies and procedures noted below. In addition, they will ensure that the group is being respectful to patrons that are using the Malley Center, Sullivan Aquatic Center or Bellomy Field during open recreational hours (i.e. no screaming, running in the hallways, etc.). The adult supervisor will report all medical emergencies immediately as noted below for each individual facility.

In an effort to protect all minors using the facility no one should travel alone with anyone under 18 years of age using the facility. We recommend traveling in groups of three. All our facilities will be open to recreational users when groups with minors are using the facility a same-sex representative should accompany all minors into the restrooms of the facility- again in groups of three. The Bellomy Field area does not have a restroom facility - the closest All Gender Restrooms are connected to the Athletic Excellence Center next to the Degheri Tennis Center.
