- Beneficiaries continue to have access to Resource Advisor services, including all the features described above, plus they get three face-to-face visits with a counselor in the first six months after their loss.
- Beneficiary Companion services help them close accounts and settle important estate matters with one phone call. That way, they can focus on healing.
- Beneficiaries can order copies of *The Healing Book – Facing the Death – and Celebrating the Life – of Someone You Love* for children affected by the loss. This book can really help children at a time when they need it most – and there's no charge for it.
- Your beneficiary can choose to have your life insurance benefits paid through our Access Advantage account. That way the funds can be used right away or when they are needed. Access Advantage accounts earn interest, so important investment decisions can be made later, at a less stressful time.
