

Getting Started with Workday@SCU

For Employees

Overview

This job aid covers the basics to get started using Workday and the features that will help you use the system. Using standard processes, you can view and edit your information. You initiate changes directly in the system and, when necessary, Workday sends the request for appropriate approval – all online, all in one place.

Key Applications (Worklets)

Worklets are a starting place for you to view information and initiate tasks. Depending on your role, and responsibilities your Home Page will include worklets specific to your needs.

Application/Worklet	What it Means or How to Use
	<u>Absence</u> An application linking you to common actions and views related to time off (vacation/sick), including time off correction, leave of absence, view your time off, and time off balance.
	<u>Benefits</u> An application linking you to common actions and views related to benefits, including change benefits, beneficiaries, and dependents. View your benefit elections and current benefits cost.
	<u>Career</u> An application linking you to common actions and views related to internal SCU job postings, your career profile including candidate referrals, your application status. View your certifications, education, languages, job history, and awards. (future release).

	<p><u>Onboarding</u></p> <p>A visual dashboard providing information to all new hires and internal employees transferring into new positions about their onboarding documents. All onboarding tasks will appear in your inbox to be completed. New hires still need to visit HR to verify their I-9's. All onboarding tasks must be completed (cleared from your inbox via "Submit" button) to prevent any delays with setting you up for payroll and other important system access.</p>
	<p><u>Pay</u></p> <p>An application linking you to common actions and views related to your pay. You can use this application to access withholding elections and payment elections (direct deposit) and to view payslips, total compensation, and one-time payment history and tax documents.</p>
	<p><u>Personal Information</u></p> <p>An application linking you to common actions and views related to your personal information, including changing your contact and personal information (such as addresses, email, and phone numbers), emergency contacts, legal name and preferred name.</p>
	<p><u>Time</u></p> <p>An application linking you to common actions and views related to your time, including entering your time and viewing your time off balance. Hourly employees will enter time using this application.</p>

Workday Inbox

Your **Inbox** is the central location for tasks that require your attention, as well as an archive of recently completed tasks. The **Actions** tab defaults and shows the process status of pending transactions that require an action from you.

Clicking on an item opens the transaction details. Items in your Inbox are not deleted; they move to the **Archive** tab once you have completed or submitted the task.

You will receive a Daily Digest Email of your Inbox tasks to your @scu.edu email on a daily basis.

Workday Notifications

Access your **Notifications** by clicking the **Notifications** icon in the upper right corner of your Workday screen

Notifications are messages that Workday sends automatically as certain tasks and processes are completed. Notifications may impact you, but **do not require any action** (e.g., alerts, process completion status).
