PERSPECTIVES FROM ERESHMEN!

National results are shown in NAVY & WHITE | Santa Clara University

results are showin in GRAY

Members of the 2019 freshman class strive for academic success, are concerned with the global environment, and have weighed in on issues impacting the sociopolitical climate.

In high school, they engaged in behaviors that serve as the foundation for lifelong learning.

Though they are focused on accomplishing their goals, they also demonstrate their interest in impacting others along the way.

participate in volunteer or

community service work

Though students strive to challenge themselves throughout their undergraduate years, institutions should consider the support they will need to guide them through this process.

national election

79% | 88% anticipate at least some chance they will get tutoring

56% | 61% believe there is at least some

13% | 4% have major concerns about

financing their college education

chance they will seek personal counseling

Information about students entering college helps enrollment planning, retention efforts, and provides a baseline for understanding college effectiveness. Register for the CIRP Freshman Survey at www.cirpsurveys.org.
