Summary

Institutional Characteristics Header Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2011.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568.

Part B - Estimated Fall Enrollment

Data changed on this page cannot be saved and therefore will not be changed in the Prior Year system.

Estimated 2010 Fall Enrollment

Provide an early estimate of the institution's fall enrollment for all levels offered. Levels should match those indicated 'Yes' in the IC Header survey. If you made an error in the Header survey, please contact the Help Desk.

These data will NOT appear in College Navigator, but will be made available via the IPEDS Data Center.

Estimates should be based on the definitions used in the IPEDS Fall Enrollment component submitted during the spring collection (for academic institutions report an estimate of the students that are/will be enrolled as of October 15, 2010; for program reporter institutions report an estimate of students enrolled in your institution at any time between August 1 and October 31, 2010). Prior year (PY) Fall Enrollment counts are provided for reference.

	GENERAL INFORMATION
Mission Statement	Santa Clara University UNIVERSITY MISSION Santa Clara University is a Catholic and Jesuit institution that makes student learning its central focus, promotes faculty and staff learning in its various forms, and exhibits organizational learning as it deals with the challenges facing it. Student learning takes place at the undergraduate and graduate level in an educational environment that integrates rigorous inquiry and scholarship, creative imagination, reflective engagement with society, and a commitment to fashioning a more humane and just world. As an academic community, we expand the boundaries of knowledge and insight through teaching, research, artistic expression, and other forms of scholarship. It is primarily through discovering, communicating, and applying knowledge that we exercise our institutional responsibility as a voice of reason and conscience in society. We offer challenging academic programs and demostrate a commitment to the development of: Undergraduate students who seek an education with a strong humanistic orientation in a primarily residential setting. Graduate students, many of them working professionals in Silicon Valley, who seek advanced degree programs that prepare them to make significant contributions to their fields.
