Overview

Admissions Overview

Welcome to the IPEDS Admissions (ADM) survey component. The primary purpose of ADM is to collect basic information about the undergraduate selection process for entering first-time, degree/certificate-seeking students in the fall term. This includes information about admissions considerations, admissions yields, and SAT and ACT test scores (if test scores are used in admissions decisions). The ADM survey component is collected only from institutions that do not have an open admissions policy for entering first-time students, which is captured on the IC survey component.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

- Institutions that have scores based on the old (2016) SAT score range should convert scores using the College Board concordance tables.

- Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report admissions as of the institution's official fall reporting date or October 15. Institutions operating on an "other academic calendar", a calendar that differs by program, or that enrolls students on a continuous basis (referred to as program reporters) report admissions as students who enroll any time during the period of August 1 through October 31.

- ADM is only applicable to first-time students; DO NOT include other students (i.e., transfer-in students) in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

Changes to reporting:

- Revised the Gender Unknown or Another Gender than Provided Categories questions for clarity.
- Added notes at top of considerations page to clarify reporting.
- Added clarification of term 'Considered' on the screen and in the instructions.
- Clarified FAQ #12 related to reporting of legacy status.

Admissions Considerations

1. Select the option that best describes how your institution used any of the following data in its undergraduate selection process for the fall 2024 <u>first-time student</u> cohort.

The options are:

- Required to be considered for admission (not applicable for legacy status)
- Not required for admission, but considered if submitted
- Not considered for admission, even if submitted

Considered means that an institution includes an item in the package that is reviewed by admissions officers during the review process and the item may factor into a decision for admission.

Admission Considerations	Required to be considered for admission	Not required for admission, but considered if submitted	Not considered for admission, even if submitted
Secondary school GPA	◉	○	○
Secondary school rank	○	◉	○
Secondary school record	◉	○	○

Selection Process - Applicants, Admits, and Enrolled

2. Provide the number of <u>first-time</u>, <u>degree/certificate-seeking</u> undergraduate students who applied, who were admitted, and who enrolled (either full- or part-time) at your institution for Fall 2024. Include <u>early decision</u>, <u>early action</u>, and students who began studies during the summer prior to Fall 2024.

Remember that this question applies only to first-time, degree/certificate-seeking undergraduates. Do not include any other students in these totals. Report admitted students who enrolled in the summer ONLY IF they remained enrolled into the fall.

Only include levels that you indicated were offered in the IC survey component. If you made an error in IC, please remember to fix the error next year.

The 'gender unknown' category will be determined by subtracting (men + women + another gender) from the Total.

Is your institution able to report **another gender** for the Fall 2024?
If you indicate 'No, my institution is not able to report another gender,' leave the cells in the rows for **'Another gender'** blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

- ◉ No, my institution is not able to report another gender (do not report)
- ○ No, some cells will have a value of less than 5 students (do not report)
- ○ Yes

	Men	Women	Another gender	Total	Gender Unknown
Number of <u>applicants</u>	8,928	10,042		18,970	0
Number of <u>admissions</u>	3,975	5,130		9,105	0

Selection Process - Test Scores

3. Provide data for all students for whom a test score was used in the admissions decision for Fall 2024. Include new students admitted the summer prior to Fall 2024. If you report less than 5 students for any of the scores, do not report percentiles.

Institutions that use test scores for some students report the number of students for whom test scores were used.

Number of enrolled students for whom an SAT score was used in the admissions decision	385
Percent of enrolled students for whom an SAT score was used in the admissions decision	24
Number of enrolled students for whom an ACT score was used in the admissions decision	154
Percent of enrolled students for whom an ACT score was used in the admissions decision	10

Report the scores used in the admission decision, whether test scores are required or are only considered for admission. If you report less than 5 students for any of the scores, do not report percentiles.

Institutions that use test scores for some students report the percentile scores for the students for whom test scores were used.

	25th Percentile	50th Percentile (median)	75th Percentile
SAT Evidence-Based Reading and Writing	670	700	☑ 730
SAT Math	680	720	☑ 760
ACT Composite	31	32	☑ 33
ACT English	☑	☑	☑

Admissions Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the IPEDS Use the Data and appear as aggregated statistics in various Department of Education reports. College Navigator is updated approximately three months after the data collection period closes and DFRs will be available through the IPEDS Use the Data and sent to your institution's CEO at the end of 2025.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
