Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

- No changes for the 2025-26 data collection period.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Important Instructions for COMBINED Reporting

Important Instructions for COMBINED Reporting on Cost

For Institutions with Campus Reporting

You will submit a single Cost component that combines data from your main campus and all campuses that report under the main campus. The only exception to this is the Cost of Attendance, which you will submit separately for the main campus and each campus. The Cost of Attendance screen in Section 1 - Part B is for the main campus; the Cost of Attendance screens in Section 1 - Part E are for the campuses.

Please report **combined** data for the following parts:

- Section 1 - Student Charges - all screens, **except Cost of Attendance**

Please report data **separately** for the main campus:

- Section 1 - Part B - Cost of Attendance

Please report data **separately** for each campus:

- Section 1 - Part E - Cost of Attendance

Section 1 - Part E screens will be provided for the submission of separate data by campus.

Screening Questions

Data changed on this page cannot be saved and therefore will not be changed in the Winter Collection Periods.

1. Does your institution offer institutionally-controlled housing (on-campus and/or off-campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a housing charge or a combined food and housing charge.

- No
 Yes

Specify housing capacity for academic year 2025-26

2. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally controlled housing?

This is only a screening question, and your response does not show up on College Navigator.

If you answer **Yes** to this question, you will not be asked to report off-campus food and housing in the cost of attendance. If you make **ANY** exceptions to this rule, please answer **No** so that this does not cause conflicts with the average net price calculation. Misreporting may lead to an inaccurate average net price calculation for your institution.

- No
 Yes, and we do not make **ANY** (even one) exceptions to this rule

3. Does your institution charge different tuition rates for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report different tuition amounts for in-district, in-state, and out-of-state students (as applicable).

Only select **YES** if you charge different tuition by students' residence status. You should not select **YES** and then report the same tuition rate 3 times.

- No
 Yes, please check all tuition rates charged by your institution
- In-district
 - In-state
 - Out-of-state

4. Do you offer food or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a food charge or combined food and housing charge (C10).

- No
 Yes - Enter the number of meals per week for the meal plan with the largest number of meals available
-
- Yes - Number of meals per week can vary (e.g., students charge meals against a meal card)

5. Does your institution charge an application fee?

- No

Summary

Cost I Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#).

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Reason	Data have been verified as correct			
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	Data have been verified as correct			
Screen: Section 2 - Financial Aid Data: Part C - full-time, first-time degree/certificate-seeking undergraduate students Awarded Grant & Scholarship Aid				
Screen Entry	The number entered is outside the expected range of between 40 and 74 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Used housing data similar to prior year but also looked at addresses to identify additional students living at home			

Screen: Section 2 - Financial Aid Data: Part D - full-time, first-time degree/certificate-seeking undergraduate students Awarded Title IV Aid				
Screen Entry	The number entered is outside the expected range of between 383 and 709 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The higher-than-expected number of full-time, first-time degree/certificate-seeking undergraduate students receiving Title IV aid reflects intentional enrollment and financial aid strategies implemented during the reporting year. The institution increased its focus on enrolling low-income and high-need students through expanded Promise Programs that meet full demonstrated financial need, along with targeted outreach and marketing efforts toward economically disadvantaged populations. In addition, the institution enrolled a larger FTFT incoming class than initially projected, further contributing to the increased number of students receiving Title IV federal student aid. All student counts and living arrangement data have been reviewed and confirmed as accurate.			
Screen Entry	The number entered is outside the expected range of between 36 and 66 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Used housing data similar to prior year but also looked at addresses to identify additional students living at home			
Screen Entry	The average amount of aid per grant/scholarship awardee (70,690.98) for 2024-25 in the "\$30,001-48,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7389)	Explanation	Yes	
Reason	The higher-than-expected average grant and scholarship aid amount for FTFT students in the \$30,001-\$48,000 income group reflects expanded institutional support through the institution's Promise Programs during the 2024-25 award year. These programs increased funding levels to meet a greater share of full demonstrated financial need for eligible students, including those receiving state aid such as Cal Grants and students from partner programs. As a result, grant and scholarship awards for this income group increased and, in some cases, exceeded typical cost-of-attendance benchmarks. All reported student counts and aid amounts have been reviewed and confirmed as accurate.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	The lower average grant and scholarship aid amount for FTFT Title IV-awarded students in the \$0-\$30,000 income band is due to cohort composition rather than a reduction in aid. This income band includes a larger total number of students, including a higher proportion of out-of-state students who receive lower levels of institutional and state grant aid, which lowers the overall average award. In contrast, the \$30,001-\$48,000 income band includes a smaller number of students, with a higher concentration of Promise Program participants whose full demonstrated need is met through institutional, state (Cal Grant-eligible), and partner program funding (including Cristo Rey High School graduates). These higher full-need awards increase the average aid amount for that income band relative to the \$0-\$30,000 group. Student counts and total grant amounts have been reviewed and confirmed as accurate.			
Screen Entry	The total amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 18,986,793 and 31,644,653 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason	The increase in the average grant or scholarships amount awarded to FTFT undergraduate awarded Title IV Aid students reflects an intentional expansion of institutional aid to support a higher proportion of students with demonstrated financial need. During the current reporting year, the institution increased institutional grant funding to allow for a greater full-need meet for lower income family populations. These populations have higher unmet need, and additional institutional resources were allocated to reduce remaining gaps after federal and state aid. As a result, both the total amount of grant aid and the average award per FTFT student awarded Title IV Aid increased compared to the prior year. Student counts and total aid amounts have been reviewed and confirmed as accurate.			
Screen Entry	The number entered is outside the expected range of between 353 and 655 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	difference in data source used (housing data vs. ISIR data)			

Screen Entry	The number entered is outside the expected range of between 27 and 49 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes

(Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	packaging strategies combined with new FAFSA result in updated sub groups			
Screen Entry	The average amount of aid per grant/scholarship awardee (62,872.20) for 2023-24 in the "\$30,001-48,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7384) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	new FAFSA and packaging strategies cause for adjusted award amounts
