JAN 27	FR. MICHAEL ENGH	FR. MARK FUSCO	FR. DENNIS SMOLARSKI

ANNOUNCEMENTS

- MISSION CONSERVATION PROJECT:** Beginning in January 2019, you may notice some interior conservation work being done around the Mission. This project comprises intricate work being performed by Beau Arts Studio conservators Andre and Barbara Bossak to preserve all the interior murals on the walls and ceiling surfaces of the Mission church. Their efforts will focus on restoring our one-of-a-kind murals to their original condition after the Mission was rebuilt following the devastating fire of 1926. Covering nearly 10,000 sq. ft, this project will help erase 90 years worth of dust, discoloration, water damage, and earthquake damage from which our Mission is currently suffering. This project is expected to take approximately 6 months, and once completed, will help ensure our Mission remains the iconic and spiritual heart of our University.
- Our **Sunday Evening Masses** will resume again beginning on Sunday, January 6 (9pm mass only). See our Mass Schedule announcements below for more details.
- Happy Birthday to Mission Santa Clara!!!** Saturday, January 12, 2019 marks the **242nd anniversary** of the founding of Mission Santa Clara. Remembering that our current building is the 6th reconstruction on the 5th site, perseverance and longevity are obviously hallmarks of our iconic church. Santa Clara College (now SCU) wasn't established until 1851, while Mission Santa Clara's roots date back to 1777. For more information on our history, a free pamphlet is located in our foyer Visitor's corner.
