University Housing Contract

This **UNIVERSITY HOUSING CONTRACT** ("UHC") is a legally binding agreement between the student who will reside in University-provided undergraduate student housing ("Student") and Santa Clara University ("the University"), covering dining plan and room accommodations in University-provided student housing ("Housing"). Both parties assume the rights and responsibilities outlined in this UHC and all addenda upon approval of Student's request for Housing by University. This UHC is nontransferable.

This housing contract is not a lease and is not subject to California Landlord-Tenant laws. It is a license to occupy university-provided housing as part of an academic community. A license is a revocable contract. Therefore, Santa Clara retains the ability to revoke the right to occupy university-provided housing at any time. This agreement does not grant rights to possess or occupy a specific room or residence. You may be temporarily relocated to other university-provided housing or denied the privilege to live in university housing at any time in accordance with Santa Clara policies, as a result of an emergency, or as required by law.

This Agreement shall be governed by, and construed in accordance, with the laws of the State of California, without regard to its conflict of laws provisions. The parties further submit to, and waive any objections to, personal jurisdiction of, and venue in, the federal and state courts sitting in Santa Clara County, California.

1. If Student requests to move home or off-campus mid-quarter but remains enrolled - **Cancellation is subject to approval by the Housing Business Services Director or designee and the submission of a request for a cancellation does not guarantee approval.** Student must receive written approval for the cancellation from the Housing Business Services Director or designee before entering into any additional contract/lease. If Student gives less than 30 days' advance notice and the request is approved, a cancellation fee of \$1000 will be charged to their student account.
2. If Student requests to move home or off-campus at end of a quarter but remains enrolled throughout the academic year- **Cancellation is subject to approval by the Housing Business Services Director or designee and the submission of a request for a cancellation does not guarantee approval.** Student must receive written approval for the cancellation from the Housing Business Services Director or designee before entering into any additional contract/lease. If Student gives 30 days' advance notice and the request is approved, a cancellation fee of \$500 will be charged to their student account. If Student gives less than 30 days' advance notice and the request is approved, a cancellation fee of \$1000 will be charged to their student account.
3. If Student transfers or graduates before the end of the academic year - If Student notifies the Housing Office 30 days in advance of the end of the quarter that Student is either transferring to another institution or graduating before the end of the academic year, no penalty will be assessed. If Student notifies the Housing Office fewer than 30 days before the end of the quarter, Student will be charged a cancellation fee of \$500 to their student account.

If Student fails to move out of assigned room by assigned check out date, Student will be assessed a \$250 improper check out fee. Housing will contact Student to arrange item pick up and if Student fails to respond or remove items after one (1) week, Housing will remove personal property and Residence Life staff will assess space. The University assumes no responsibility for property left after termination of occupancy, and Housing reserves the right to remove and/or store personal property left on premises by Student after term of residency has ended, at Student's expense.

N. CANCELLATION BY THE UNIVERSITY If Student is removed from University housing or the University as a result of academic dismissal or disciplinary action, Student must vacate Housing within 24 hours of receipt of notification or completion of appeal process. The University may also terminate or suspend this UHC if Student breaches any of the terms and conditions of this Agreement, including violating the University's Student Conduct Code or administrative policies. In such cases, Student shall be subject to prorated room charge plus a cancellation fee of \$1000 charged to their student account. The amount left on Student's resident dining account will be refunded based on the amount available at time of official check-out.

O. ROOM CONDITION AND FURNISHINGS The University supplies basic furniture, such as a desk and chair, bed, mattress, and drawer space. Student may not stack furniture, remove University-provided furnishings from Student's unit, remove furnishings from common areas, disassemble furniture, or detach fixed furnishings without written consent from the Housing Office. Student is responsible for the condition of rooms, furnishings, and fixtures provided by the University, less normal wear and tear. Student agrees to submit a Room Inventory Inspection at the time of check-in. Upon check-out, Student will pay for missing or damaged furniture and damages beyond normal wear and tear, to restore the room and/or furnishings to the condition noted on the Room Inventory Inspection. A final check-out inspection will be conducted by University staff after the initial check-out appointment. Additional charges may be assessed as a result of the final check out inspection. Student's signature on the Room Inventory Inspection establishes Student's acceptance of the condition of the room and contents at the time of check-in, and becomes the standard for the condition of the room at the time of check-out. If Room Inventory Inspection is not completed and submitted within three (3) business days of the time of check in, the University will assume the assigned room/apartment is in good, safe and clean condition at the time of possession. Unless it can be otherwise conclusively determined, all students assigned to a room will be responsible for an equal share of liability. All of the residents of a building or floor may be held jointly responsible for loss, damage, and/or defacement to common areas and/or furnishings. Any charges for loss or damage to furniture or common areas will be posted to their student account in accordance with established policies. If Student wishes to bring additional furniture into Student's room, Student must adhere to all California state fire codes. All furniture must be flame retardant. Student is not allowed to bring into Student's room any type of loft bed or bed unit, homemade or commercially built. Some University-furnished beds can be bunked using approved accessories and tools. In Sobrato Residence Hall, suite double rooms are lofted. All other unauthorized lofting/bunking is prohibited.

Each Student is supplied with one (1) set of basic furniture, which includes a desk, chair, bed, mattress, and drawer space. No Student is able to utilize furniture provided for additional persons in the space, whether they are occupied or vacant. It is understood that

Student can be assigned to the space at any time and that one (1) set of basic furniture should remain available for them. Student will be charged \$500 if found in violation of this policy.

P. FIRE SAFETY AND SECURITY The following policies are for the safety of all resident and nonresident students. Violation of many of these policies may be punishable by local and state law, as well as Santa Clara University's codes and policies.

Failure to evacuate for an alarm is a violation of city and state ordinances and will be treated as a serious violation of the Student Conduct Code.
7. Student agrees to follow all applicable University safety procedures.

Q. UNIVERSITY ASSIGNMENTS The University reserves the right to assign student rooms to make effective use of available space, to consolidate students, and to use unoccupied space in any facility. This UHC does not guarantee specific assignments or roommates. The University reserves the right to reassign Student at any time. Student may be reassigned when, in the opinion of the Housing Business Services Director or designee, Student is considered (a) disruptive to Student's residential community, (b) incompatible with Student's roommate, or (c) unwilling to abide by University rules and regulations or government regulations. Student may also be reassigned for any other reason, including, but not limited to, earthquake, flood, fire, or similar calamity or act of God. Assignments will normally be made on the basis of two students per room in the traditional residence halls. However, demand for Housing may require that the University assign three persons per room, and, thus the University reserves the rights to assign Student in this manner. Student also may be assigned to temporary space. If Student is so assigned, Student will be reassigned to double occupancy spaces as they become available. If Student is still assigned to such triple occupancy or temporary Housing after the first day of the fourth week of classes, Student will receive a prorated credit toward the next quarter's charges. If Student is reassigned but refuses the assignment, Student is not eligible for the prorated credit.

If Student is a current and incoming student with housing accommodation requests related to gender identity and expression, Student should contact the Housing Office at housing@scu.edu. Placement decisions will be made on a case-by-case basis depending on the needs of Student.

R. ROOM CONSOLIDATION If Student is assigned to a double occupancy room and has a vacancy in Student's room due to the transfer, cancellation, or withdrawal of a prior roommate, Student will be asked to consolidate with other similarly situated students by the Housing Business Services Director or designee. Students with the higher class standing and accumulated academic units will be given the first opportunity to either stay in the rooms or relocate. If Student relocates, Student will be offered moving assistance which will be coordinated in advance. Once it is determined that the needs of the University have been met, single occupancy rooms may be offered at the published single room rates. University anticipates that the bulk of room consolidations will take place towards the end of the Fall and Winter Quarters, but there is the possibility of room consolidations being initiated at any time during the academic year, up until the end of Winter Quarter. If Student has not contracted for single occupancy rooms, does not have a roommate, and has been asked to consolidate but has not, Student must pay the single room rate, obtain a roommate, or change rooms.

S. ROOM CHANGES Any room change request must be approved by the Housing Business Services Director or designee and completed within five (5) calendar days if notification has been issued to Student. No room changes may be conducted without the written authorization of the Housing Business Services Director or designee, which authorization may be withheld in the sole discretion of the Housing Business Services Director or designee. Unauthorized room changes may result in termination of this UHC and/or assessment of a \$500 fine. If Student makes an unauthorized room change, Student may be required to return to the original assignment and may be denied the opportunity to participate in any other room change. If Student requests a room change, Student must obtain prior approval from the Housing Business Services Director or designee. If Student elects not to change rooms after a room change has been approved by the Housing Business Director or designee, a \$100 fine will be assessed.

If Student fails to move out of assigned room by the assigned check out date, Student will be assessed an improper check out fee of \$500. Residence Life staff will contact Student to arrange item pick up. If Student fails to respond or remove items after one (1) week, Housing will remove personal property from the space. Residence Life staff will assess space after items have been removed. University assumes no responsibility for personal property left after termination of occupancy. Housing reserves the right to remove and/or store personal property left on the premises by Student after the term of residency ends, at Student's expense.

T. CHECK-IN DEADLINE The University may terminate this UHC if Student fails to officially check-in to Student's assigned room before 8:00 a.m. on the first day of classes unless prior written notice of Student's late check-in is received by the Housing Office. The University may terminate this UHC if Student fails to officially check-in to Student's assigned room within seventy-two (72) hours of signing this UHC and does not provide prior written notice of late check-in to the Housing Office, if this UHC is signed after the commencement of the current quarter. Official check-in means (a) Student's acceptance of access to the building and assigned room (keys/card access) and (b) Student's submission of the Room Inventory Inspections indicating condition of room and all furnishings assigned to Student.

U. CHECK-OUT PROCEDURE At the conclusion of Student's occupancy of Housing, Student is expected to follow established check-out procedures which include, but are not limited to: removal of all personal belongings from the room/unit; return of all issued keys to Student's community staff member; cleaning the room/unit; and submission of the check-out portion of the Room Inventory Inspection and/or Check Out agreement. Failure to follow check-out procedures may result in financial penalties. The University assumes no responsibility for property left after Student vacates Housing. The Housing Office reserves the right to remove and/or store possessions left on the premises after Student vacates Housing, at Student's expense.

V. ROOM ENTRY AND INSPECTION POLICY Room entry and inspection by University officials may occur periodically. Inspections take place in each of the Fall, Winter, and Spring Quarters. The University balances the right to privacy of Student with the University's responsibility to maintain a safe environment for all students and staff in Housing. The University will take all reasonable steps to ensure Student receives adequate notice prior to entry by University officials for the purposes of verifying occupancy, verifying cleanliness, repair, inventory, construction, and/or inspection. The University also reserves the right to enter Student's room without notice to respond to real or reasonably perceived health and/or safety emergencies, to ensure evacuation during fire alarms and during vacation periods, and to respond to situations where there is a reasonable suspicion that a violation of the law or University policies is occurring or has occurred inside Housing. If University officials enter Student's room without prior notice, it is not necessary that Student be present; nor will Student's refusal to permit entry, either verbal or physical, prevent entry or inspection. By entering into this UHC, Student consents to room entry and inspection under those circumstances indicated and understands that if violations are found by University officials, Student may be charged for failure to follow policies and/or procedures.

W. CONSTRUCTION AND RENOVATION Construction and remodeling or repair of academic and residential buildings on the Santa Clara University campus in the vicinity of Housing may be scheduled for the 2024–2025 academic year. Construction is expected to occur during normal daytime hours and will result in disturbances and disruptions including, but not limited to, increased noise and dust in the area around Housing with both planned and unplanned utility shutdowns. There may also be weekend work. By signing this UHC, Student agrees that Student has been advised of said scheduled construction which may result in disturbances and disruptions.

X. COMMERCIAL/BUSINESS USE OF FACILITIES Student may not use residence hall room or any University Housing facilities for commercial or business purposes. This includes use of phone, data, and cable TV lines, as well as voicemail and mailboxes to conduct or carry out any commercial business.

Y. TECHNOLOGY USE The Offices of Housing and Residence Life, as well as many other University entities, communicate with Student by means of Student's University email and Student's on-campus mailbox, if applicable. Student is responsible for all information, including policy and procedure information, sent to Student's mailbox number, or sent via email.

Any technology that Student brings on campus, coupled with the technology available at the University, provide Student with access to information and tools to support Student's

academic career. Technology also has the capacity to do considerable damage and harm if not treated and handled responsibly. Student agrees to adhere to these policies:

2. Commercial use of the campus network is prohibited, including mining cryptocurrency. Student is prohibited from providing service to others.
3. Any use of campus data services, beyond those explicitly permitted, must be submitted for approval to the Information Security Office and Director of Cyberinfrastructure Technologies.
4. Student is required to register all devices to be attached to the campus network. As part of the registration process, Student is required to read and agree to adhere to the usage policies of these technology and communication resources. As part of these policies, Student is required to maintain all computing systems with appropriate levels of patches and security and anti-virus software, as prescribed by the University.

STUDENT RESPONSIBILITY- Student will be held responsible for Student's activity that is adverse or harmful to others stemming from personal computing systems or other communication technology devices, regardless of whether the activity is willful or accidental.

Student should never share Student's passwords with others. The University provides substantial electronic resources and access to information, the privacy of which is tied to Student's electronic IDs and passwords. If someone else misuses Student's computer or other system because Student has shared a password or failed to take appropriate steps in securing Student's system, Student will be held responsible for that misuse. Should Student, or systems Student is responsible for, be found to compromise the performance or security of the campus network, or be involved in illegal or otherwise forbidden activities, including the downloading or sharing of copyrighted materials such as music, videos, or software without permission, disciplinary steps may be taken. Disciplinary steps may include, but are not limited to, immediate loss of access to electronic and network resources as well as other campus resources until the issue is resolved, referral to the Dean of Students, and possible civil or criminal investigation, if applicable. There is also the possibility the student may incur fees or charges stemming from costs incurred to resolve the situation.

Asbestos is present in the sprayed-on acoustic ceiling material (which has a "cottage cheese" appearance) which may be present in University-provided undergraduate student Housing, including in hallways and other areas in the building. Asbestos may also be present in other materials in University buildings including the insulation fireproofing and floor tiles.

The University has instituted operations and a maintenance program directed at maintaining buildings in accordance with any applicable Federal and State safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize

disturbance or damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Student and Student's invitees shall comply with such rules and regulations as the University from time to time may prescribe in connection with the University's operations and maintenance program, including, without limitation, the following:

- a. Hazardous materials: Student shall not take or allow any action which in any way damages or disturbs all or part of the ceiling or floor tiles in University-provided undergraduate student Housing, including, but not limited to: piercing the surface of the ceiling or floor tiles by drilling or any other method; hanging plants, mobiles or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling;
- b. Student shall notify the University immediately in writing (1) if there is any damage to or deterioration of the ceiling or floor tiles in University-provided undergraduate student Housing, including, without limitation, loose, cracking, hanging or dislodged material, water leaks, or stains in the ceiling or floor tiles; or (2) upon the occurrence of any of the activities described in (a) above.

4. MOLD NOTIFICATION

It is the University's goal to maintain the highest quality living environment for students. Therefore, the University has inspected the unit/room and knows of no damp or wet building materials and knows of no mold or mildew contamination. Student is hereby notified that mold, however, can grow if the room/unit is not properly maintained or ventilated. If moisture is allowed to accumulate in the room/unit, it can cause mildew and mold to grow. It is important that Student regularly allows air to circulate in the room/unit. It is also important that Student keeps the interior of the room/unit clean and that Student promptly notifies the University of any leaks, moisture problems and/or mold growth.

Student agrees to maintain the room/unit in a manner that prevents the occurrence of an infestation of mold or mildew. Student agrees to uphold this responsibility by complying with the following list of responsibilities:

1. Student shall keep the room/unit free of dirt and debris that can harbor mold.
2. Student shall immediately report to the Housing Office any water intrusion, such as leaks or plumbing malfunctions.
3. Student shall notify Housing Office of overflows from bathroom, kitchen or unit laundry facilities, especially in cases where the overflow may have permeated walls or cabinets.
4. Student shall report to the Housing Office any significant mold growth on surfaces inside the room/unit.
5. Student shall allow University staff members to enter the room/unit to inspect and make necessary repairs.

6. Student shall use bathroom fans while showering or bathing and to report to the Housing Office any non-working fan.
7. Student shall use exhaust fans whenever cooking, dishwashing or cleaning.
8. Student shall use all reasonable care to close all windows and other openings in the room/unit to prevent outdoor water from penetrating into the interior unit.

5. PESTICIDE NOTIFICATION

Student agrees to the following options when submitting a request to address pest control issues:

- a. Branch 1 Pest Control - Fumigation: The practice relating to the control of household and wood-destroying pests or organisms by fumigation with poisonous or lethal gases.
- b. Branch 2 Pest Control - General Pest: The practice relating to the control of household pests excluding fumigation with poisonous or lethal gases.
- c. Branch 3 Pest Control - Wood Destroying Organisms: The practice relating to the control of wood-destroying pests or organisms by the use of insecticides or structural repairs and corrections, excluding fumigation with poisonous or lethal gases.

6. PEST CONTROL STATEMENT

It is the University's goal to maintain a pest free environment in Housing. The University has instituted operations and a maintenance program directed at prevention and treatment of common pests and actively monitors the conditions of building exteriors and common spaces within residence halls.

Pests can pose health hazards if not managed properly. Student agrees to maintain the room/unit in a manner that prevents the occurrence of an infestation, keeping free of dirt, debris, and food waste that might attract pests to the space, including placing food in properly sealed containers, as needed. Trash, composting, and recycling should be removed from Students room daily. Tampering with or removing window screens may also contribute to pest presence within the space.

Student must take reasonable steps to prevent pests and shall notify the University immediately in writing regarding any signs of a pest problem. The University will take all reasonable steps necessary to control or destroy pests, following a visual inspection. Length of treatment leading to effective elimination may take many weeks depending on the pest and severity. Student agrees to comply with any protocol provided from a licensed pest control service, including addressing any concerns within the assigned space that may have contributed to the development of a pest problem.
