2. Locks will pull your ACCESS information automatically. You do not need to open your mobile wallet.

CHECK IN

PARKING

Before you begin to unpack your belongings and settle in to your new room, please relocate vehicles to the main parking structure on Palm Drive. Students who plan to park a vehicle on campus must purchase their 2025-2026 parking permit through the AIMS Parking tile on their MySCU Portal. Parking spaces are limited and permits are sold on a first come, first serve basis.

INSPECT YOUR SPACE

Housing makes every effort to ensure your space is in tip-top shape upon arrival. We recommend all students perform a visual inspection of their space at check-in. If students come across any issues, they should note it in their room inventory inspection and submit a work order so we can address it in a timely manner. For more information, just scan the QR code below!
