3.1) Is there anything else you would like to add about this instructor or course?

- Hope that this new survey works well for you all!
- I got a lot out of the assignments and feedback. Office hours were really helpful! At times, it would have been nice to have more discussion or an activity to apply some of the theories.
- I really enjoyed the class!
- Instructor had an interactive class with more of a conversational format which I learned a lot from. However, it was difficult to track down the instructor outside of class hours which made asking questions for project difficult.
- No
- Nope
- Professor Terrazas is terrific. He taught me HOW to think.
- Really challenging course, but I learned a lot.
- TESTING 123456789
- The questions were easy to understand. The system kept you from filling in two dots by accident which is good. When I have completed other surveys, like the ones you receive when you have purchased an item, there are often numbers on top (1-5) as well as the Strongly Disagree ... Strongly Agree. statements. That might be somewhat helpful
- This course was just fine. I am a better person for taking it.
- This instructor is awesome!
- This was the an awesome course, I will recommend it to other students.
- love the class
