It’s time to Get Enrolled!

When do I enroll in classes?

- Students attending on-campus Orientation in July will be enrolling in classes during their Orientation session.
- Students who are attending their on-campus Orientation in September will have their academic advising and course enrollment sessions online in July or August.

👁️ **Watch your email** for specific details and schedules for your on-campus Orientation session and/or your online academic advising and course enrollment session.

Pro Tips:

- Complete the required [Workday Onboarding steps](#) (required for course enrollment), [Calculus Readiness Exam](#), and the [Language Placement processes](#) prior to your academic advising and course enrollment session.
 - Be open to new opportunities! We distribute available seats in certain first year courses across all course enrollment sessions so everyone has the same opportunity to enroll. You'll also find many courses available to first year students to meet our [Core Curriculum requirements](#).
 - If you are seeking accommodations for documented disabilities, begin the registration process with the [Office of Accessible Education](#) (OAE) right away to avoid a long wait time for review at the start of the fall quarter.
