SCU CORE CURRICULUM 2022 DOUBLE DIP COURSES FOR UNDERGRADUATE ENGINEERING STUDENTS

The courses listed below are examples of those that will simultaneously meet the indicated University Core Curriculum categorical (topic area) requirements. All claims should be checked before relying on them as these things CHANGE with time. This is **NOT** an official document, merely a summary of approvals at a specific point in time.

Be aware that only engineering majors can double-dip many of these requirements and that some course instructors may be unaware of this fact.

Students also should be aware that not all courses with “Ethics” in the title satisfy the Ethics requirement (e.g., TESP 158). **AND NOTE:** RTC 1,2, & 3, **MUST** be taken in sequence in order to get core credit; in addition, a pre-approved course that fulfills the Religion, Theology & Culture 3 requirement can only be used to satisfy the requirement after a student has completed/received 88 units of course work credit.

Course	Core Req. #1	Core Req. #2	Pathway
ANTH 3	ELSJ	Social Science	
CHST 106	Diversity	ELSJ	Race Place & Soc Inequalities / Sustainability
CHST 4	Civic Engagement	Diversity	Democracy
COMM 116	Diversity	ELSJ	Race Place & Soc Inequalities
DANC 59/159	Civic Engagement	ELSJ	Justice and the Arts
